

Advanced Diagnostic
Laboratories

IMPORTANT NOTICE: Test Discontinuation

Dear Clinical Staff:

Effective Tuesday, Mar. 21, 2023, Advanced Diagnostic Laboratories is no longer offering the following tests due to consistent reagent shortages and low utilization:

- Precipitin Penicillium Mix IgG (PEN)
- Precipitin Alternaria species IgG (ALTER)

An expansive search for an alternate reference laboratory was initiated, yielding no viable replacement. We apologize for any inconvenience this new development may cause.

Please contact our Client Service Team at extension 4120 or clinreflabs@njhealth.org, if you have any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Steve Groshong".
