RE: C4a Level (C4AR) Turnaround Time

Dear Valued Client:

National Jewish Health Advanced Diagnostic Laboratories is pleased to announce that we have shortened the turnaround time for our [C4a Level](#) test from 18 business days to 7-10 business days.

For over four decades, our Complement Laboratory has been offering a comprehensive menu of diagnostic tests that help clinicians determine whether complement defects or deficiencies are factors in patients with recurrent severe infections or symptoms of autoimmune disease.

We hope this improvement in our C4a Level test will allow for quicker clinical decision making.

Please contact our Client Service Team at 800.550.6227 or email ClinRefLabs@NJHealth.org if you have any questions.

Sincerely,
