Advanced Diagnostic  
Laboratories

Dear Valued Client:

Effective 08/05/2024, the Mycobacteriology Laboratory will temporarily suspend pyrazinamide drug sensitivity testing (test code: MTB 3 (individual test), MTB 2 (PZA component); billing code: MTB3, TB5S). This test delay was initiated in response to a manufacturer's back order of critical supplies

There is no material availability date, therefore, all pending orders will be canceled. Isolates will be retained in the laboratory for up to six months should you need testing re-ordered once supplies become available.

We apologize for any inconvenience this may cause and appreciate your patience. If you have questions, please contact our Client Services team at 800.550.6227 or via email at [ClinRefLabs@NJHealth.org](mailto:ClinRefLabs@NJHealth.org).

Sincerely,

A handwritten signature in blue ink, appearing to read "Steve Groshong".

Steve Groshong, MD, PhD

Medical Director, Advanced Diagnostic Laboratories

National Jewish Health
