MORGRIDGE ACADEMY

Proceeds from this tournament benefit Morgridge Academy for children with chronic illnesses. This unique, tuition-free day school serves Denver-area students in kindergarten through eighth grade. These students have been diagnosed with a range of chronic conditions, including severe asthma and allergies, diabetes, sickle cell anemia, HIV/AIDS, atopic dermatitis (eczema), juvenile rheumatoid arthritis and cystic fibrosis, among other diseases. Traditional schools often cannot meet their needs.

As the only school of its kind in the country located on a medical campus, Morgridge Academy students have a caring team of nurses, counselors and specially trained teachers to meet their individual needs and put them on a path to academic success and improved quality of life.

After enrolling, students at Morgridge Academy report fewer missed days of school and medical interventions, including hospital stays and visits to emergency departments or doctors' offices. Instead, they focus on learning and participating in activities that were once too difficult. They also gain understanding on how to manage their diseases.

Your support of Morgridge Academy helps National Jewish Health fulfill its mission to heal, discover and educate, by nurturing every student's medical, emotional and educational well-being in an innovative, rigorous and caring environment.

National Jewish Health is the leading respiratory hospital in the nation delivering excellence in multispecialty care and world class research. Founded in 1899 as a nonprofit hospital, National Jewish Health today is the only facility in the world dedicated exclusively to groundbreaking medical research and treatment of children and adults with respiratory, cardiac, immune and related disorders. Patients and families come to National Jewish Health from around the world to receive cutting-edge, comprehensive, coordinated care.
