HONORING

ALBERT SPADA

Managing Director and Head of Asset-Based Lending
Santander Bank, N.A.

Thursday, March 10, 2016

Grand Ballroom
New York Hilton

5 p.m. Cocktail Reception | 6:45 p.m. Dinner
Music provided by Gerard Carelli Orchestra

Induction of Trustee
William D. Brewer
Winston & Strawn LLP

ALBERT SPADA

Albert Spada is the Managing Director and Head of Asset-Based Lending for Santander Bank in the United States. In this role, he is responsible for the bank's relationships with operating companies that have \$25 million to \$2 billion in annual sales and use their working capital assets to govern borrowing availability. The business covers in-footprint and national asset-based deals operating out of eight offices in the Northeast, Mid-Atlantic and Miami.

Prior to Santander, Mr. Spada was Senior Vice President and National Sales Leader for RBS Citizens Business Capital. Before that, he served as Executive Vice President and Chief Sales Officer of CIT Commercial and Industrial. Mr. Spada also spent more than 13 years at GE Commercial Finance in various leadership positions, most recently as its Managing Director and Intermediary Region Manager. Before joining GE, he was with The Bank of New York and Goldman Sachs.

Mr. Spada is active in the Commercial Finance Association as a member of the Executive Committee and as the past president of the New York Chapter. He is also a member of the Board of Directors of Junior Achievement of Southwest Connecticut.

A Magna Cum Laude graduate of Boston College with a BS in finance, Mr. Spada also holds an MBA degree in finance from the New York University Stern School of Business. He resides in Connecticut with his wife, Laura, and their two children.

Dear Friends and Colleagues,

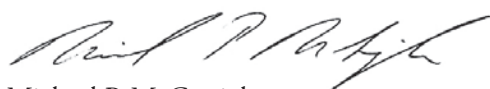

Thank you for joining us tonight to honor Albert Spada and to support National Jewish Health, the leading respiratory hospital in the nation.

National Jewish Health, based in Denver, is the only facility in the world dedicated exclusively to the groundbreaking research and treatment of patients with respiratory, cardiac, immune and related diseases. Physicians and scientists at the institution have made cutting-edge discoveries that have improved the lives of patients around the world. Now, people can access the hospital's unique model of care in New York. Last year, National Jewish Health and the Icahn School of Medicine established the Mount Sinai – National Jewish Health Respiratory Institute in New York City.

I encourage you to page through this program and see all of the supporters who have helped make tonight possible. Many of these donors were able to join us tonight. I would like to extend a special thank you to each of you, as you are generously helping to support the millions of people who suffer from respiratory, cardiac, immune and related diseases.

Have a wonderful evening and thank you for supporting this important cause!

With gratitude,

Michael P. McGonigle
Dinner Chair

HE'LL

Jake Cohn
Professional Skier
Asthma Patient

NEVER FLY.

AT THE NATION'S LEADING RESPIRATORY HOSPITAL, WE NEVER SAY NEVER.

Jake Cohn was born with severe asthma and spent much of his childhood in the hospital. For a while, it looked like he'd never lead a normal life. But then he came to **National Jewish Health in Denver**.

Thanks to our cutting-edge technology, groundbreaking research and expert care, Jake's spending his days on the slopes as a professional skier, instead of in a hospital bed. See more of Jake's story and many others at njhealth.org/patients. **To learn more or to make an appointment, call 1.800.621.0505 or visit njhealth.org.**

National Jewish Health[®]

Science Transforming Life[®]

Dear Friends,

Thank you for being a part of the 2016 Financial Industries Dinner benefiting National Jewish Health. Through your attendance tonight, you are fueling our ability to pioneer medical advancements, provide compassionate care to all patients and train the next generation of leaders in medicine and science.

Every day, we hear from grateful patients who have spent years of their lives looking for answers to their complex medical conditions. They often tell us, “You were the only place that could help.” Such words are a testament to our ongoing mission and the generosity of our donors.

We would appreciate the opportunity to show you in person what makes National Jewish Health the leading respiratory hospital in the nation. In addition, our website (njhealth.org) is a tremendous resource for information about the conditions we treat, our research and our world-class physicians.

Once again, we are appreciative of your support. On behalf of the dedicated faculty and staff at National Jewish Health, thank you for joining us at the 2016 Financial Industries Dinner. Best regards.

Sincerely yours,

A handwritten signature in black ink that reads "Michael Salem". The signature is fluid and cursive, with a long, sweeping underline that extends to the right.

Michael Salem, M.D.
President and CEO

Dear Friends and Colleagues,

I am delighted to have the opportunity to acknowledge our esteemed honoree, Albert Spada, and this incredible institution, National Jewish Health.

For 117 years, National Jewish Health has been the leading respiratory hospital in the nation. Its compassionate patient care and groundbreaking research are second to none, and I am pleased that you have chosen to support this work.

Net proceeds from this dinner are used to support research, clinical and educational programs at National Jewish Health. I would like to extend a special thank you to each of you, as you are generously helping to support the millions of people who suffer from respiratory, cardiac, immune and related diseases.

Thank you for being here tonight and for all that you do to support National Jewish Health.

Enjoy tonight's festivities!

A handwritten signature in black ink, appearing to read "R. Love", with a long, sweeping horizontal line extending to the right.

2016 Financial Industries Dinner Society of Fellows

The Society of Fellows is a select group of companies, and individuals who believe healthier lives are possible through research.

As National Jewish Health prepares to meet the economic and social challenges confronting medical and research institutions nationwide, the Society of Fellows will play an increasingly important role. The support of the members of the Society of Fellows will help ensure 117 more years of discovery and care at National Jewish Health.

Because of our faculty's cutting-edge research and outstanding clinical care, National Jewish Health is recognized for groundbreaking scientific investigation and as a beacon of hope for those suffering from respiratory, cardiac, immune and related diseases. The Society of Fellows supports the work of these scientists and physicians.

The Society of Fellows will be instrumental not only for the answers found today, but also for those discoveries made in the years to come. Thanks to our resolute supporters, National Jewish Health continues to make a difference in the lives of thousands of people.

We are honored to acknowledge the following
\$7,500 Society of Fellows Donors.

Our Mission since 1899 is to heal, to discover, and to educate as a preeminent health care institution.

We serve by providing the best integrated and innovative care for patients and their families; by understanding and finding cures for diseases we research; and by educating and training the next generation of health care professionals to be leaders in medicine and science.

Our Vision is to be the global leader in the research and treatment of respiratory, cardiac, immune and related diseases.

We pursue this vision by pioneering individualized medicine programs that embrace the paradigm shift from reactive medicine to proactive, personalized health care. These programs enable us to integrate the provision of outstanding patient care, the conduct of novel basic, translational and clinical research, and the education of health care and research professionals. Through our efforts, we seek to achieve cures for patients who seek treatment and to bring new knowledge and discoveries to help people worldwide.

Respiratory Institute

The Mount Sinai – National Jewish Health Respiratory Institute is a collaboration between the Icahn School of Medicine at Mount Sinai, a top-ranked academic medical center in New York City, and National Jewish Health, the nation’s leading respiratory hospital based in Denver. By combining the strengths of both entities, the integrated Respiratory Institute brings together leading expertise in diagnosing and treating all forms of respiratory illness and lung disease, including asthma, chronic obstructive pulmonary disease, interstitial lung disease and bronchiectasis.

The Dinner Committee expresses its appreciation to the following donors listed below for their **contributions**.
