HONORING

CYNTRA A. TRANI

Head of Credit Management for Asset Based Lending
TD Bank, N.A.

Cyntra Trani is responsible for the overall credit portfolio of TD Bank, N.A., while ensuring structured deals meet risk policies. She leads a team of portfolio, underwriting and operations professionals who deliver a superior customer experience while driving profitable business growth.

Prior to TD Bank, Cyntra was Head of Loan & Risk Review for CIT and was an integral part of transitioning CIT from a financial services company to a bank holding company. She also held multiple roles at GE Capital, including Chief Marketing Officer to the CEO of Corporate Finance, as well as leadership roles in restructuring, retail finance and distressed debt. She has earned her Six Sigma Black Belt certification.

Cyntra lives in Brooklyn, NY with her husband Marcus and son Bryce and is involved with several charities in various capacities. In her downtime, she enjoys reading, traveling and baking.

National Jewish Health is *the* place in the United States where patients with the most difficult cases of lung, heart, immune and related diseases seek life-changing care.

Your philanthropic gifts enable our dedicated team of physicians and scientists to bring hope to children and adults worldwide by pursuing new pathways of care, treatment and discovery.

Thank You

Thank you for supporting National Jewish Health through the Financial Industries Dinner. Increase your impact by donating at njhealth.org/FID or scanning the QR code.

**National Jewish
Health®**

Breathing Science is Life.®

Dear Friends,

Thank you for being a part of the 47th Annual Financial Industries Dinner benefiting National Jewish Health. Tonight, we are pleased to honor Cyntra Trani and celebrate her outstanding professional and community achievements with all of you — her family, friends and colleagues.

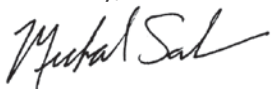

We are also grateful for our partnership with the industry for nearly five decades. Your dedication to our mission enables our world-class experts to make medical breakthroughs and deliver unequalled care for thousands of patients who count on us to treat and cure complex lung, heart, immune and related conditions.

For 125 years, we have led the way in understanding the root causes, genetic links and other factors of diseases that affect millions, including severe asthma and allergies, cystic fibrosis, COPD and lung cancer. Our critical work to uncover novel and effective therapies has been game-changing in the medical community — and life-changing for countless patients across the country and around the world. Our compassionate clinicians and renowned researchers make it all possible.

As we look toward the future, we must continue to transform medical science. To learn more about the impact we are having through breathtaking discoveries and lifesaving care, visit njhealth.org, or contact your regional National Jewish Health office. We invite you to take a personal Behind the Scenes® tour to see firsthand why we are the leading respiratory hospital in the nation. Please contact us at 212.297.0857 to arrange a visit.

On behalf of our Board of Directors, Council of National Trustees, faculty, staff and the patients and families we serve, thank you for supporting the 2025 Financial Industries Dinner, honoring Cyntra Trani. Best regards.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Salem". The signature is fluid and cursive, with a long, sweeping underline.

Michael Salem, M.D.
President and CEO

Dear Friends and Colleagues,

Thank you for joining us tonight to honor Cyntra A. Trani for her commitment to the community and to the financial industries. It is an honor to work alongside her every day and joining forces with her on this event was no different. She was tireless in her effort to ensure a successful Dinner in support of National Jewish Health.

The medical center, based in Denver, is world-renowned for its research and care of conditions affecting the lungs, heart and immune system. Their discoveries make a significant impact around the world in the treatment of conditions like asthma, food allergies and diabetes.

As you browse through this program, you will see the many other colleagues and companies in the financial industries who have made tonight a celebration of Cyntra and an opportunity to support the accomplishments of National Jewish Health.

Again, thank you for joining us. Your support and involvement help improve the lives of people everywhere.

Have a great evening!

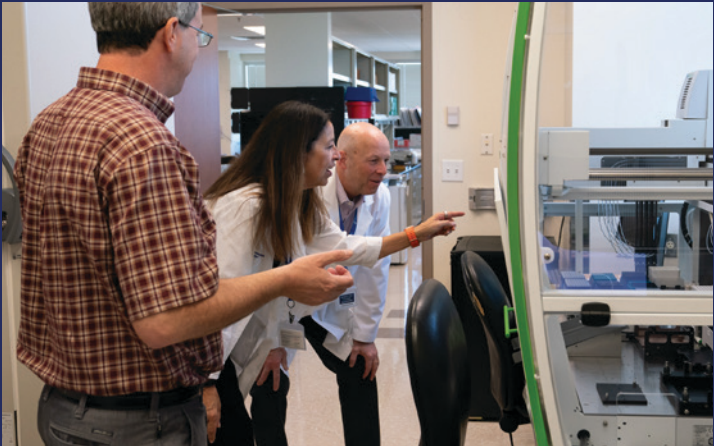

A handwritten signature in black ink, appearing to read "Craig Goldstein". The signature is fluid and cursive, with a long horizontal stroke at the end.

Craig Goldstein
Dinner Chair

BEHIND THE SCENES®

at National Jewish Health

Cyntra Trani and Craig Goldstein visit National Jewish Health in Denver on October 7, 2024.

Cyntra and Craig observe as Scott Alper, PhD, analyzes samples for his research into inflammation.

Cyntra and Craig meet students and school director Jennifer McCullough, MEd, at Morgridge Academy.

*Member, National Jewish Health Council of National Trustees

National Jewish Health is *the* place in the United States where patients with the most difficult cases of lung, heart, immune and related diseases seek life-changing care.

Here, doctors and researchers apply their deep knowledge to advance medical science, and with their courage and inspiration, they have been unstoppable in finding answers for the most complex diseases for 125 years.

BEST IN THE NATION

National Jewish Health achievements include:

- Recognized worldwide for the impact of scientific findings and for developing national guidelines for the diagnosis and care of asthma, lung cancer, COPD, idiopathic lung disease, atopic dermatitis, among many other diseases.
- Physicians and scientists regularly publishing their groundbreaking work in the most prestigious scientific and medical journals, including *Cell*, *New England Journal of Medicine*, *Lancet* and *JAMA: The Journal of the American Medical Association*.
- Dozens of our physicians recognized among the best doctors on lists including “America’s Top Doctors” by Castle Connolly.

GROUNDBREAKING RESEARCH

National Jewish Health has made many important scientific findings and advances, including:

- Discovering the IgE molecule and T-cell receptor gene, both critical to immune response.
- Predicting eczema and food allergies in children, the first step to preventing these diseases.
- Closing in on the remission of severe asthma, which can be debilitating and life-threatening.
- Improving treatment for cystic fibrosis, extending the lives of patients into adulthood.
- Progressing the science of lung repair, with a goal to reverse damaging effects of disease.

EDUCATING FUTURE LEADERS IN MEDICINE

National Jewish Health physicians and scientists are thought leaders. They elevate the standard of care through their own work, while shaping the current and next generation of health care professionals. Education is a central tenet of our mission, and we achieve this by conducting continuing medical education classes, trainings and our post-doctoral fellowship program.

Whether you live in New York, London, Denver — or anywhere else in the world — your support of National Jewish Health, right now, will help to make possible life-changing care and breathtaking discoveries that will impact you and generations to come.

National Jewish Health
271 Madison Avenue, 19th Floor
New York, NY 10016

National Jewish Health is the leading respiratory hospital in the nation. Founded 125 years ago as a nonprofit hospital, National Jewish Health today is the only facility in the world dedicated exclusively to groundbreaking medical research and treatment of patients with respiratory, cardiac, immune and related disorders. Patients and families come to National Jewish Health from around the world to receive cutting-edge, comprehensive, coordinated care.
