## Behind the Scenes at National Jewish Health

Janet Jarrett, Amy Barrentine and Darryl Kuriger explore the clinics and labs at National Jewish Health in Denver on December 13, 2021.

Honoring  
**JANET JARRETT**  
*Head of Asset Finance Group*  
Truist Securities

Ms. Jarrett serves as head of asset finance group at Truist Securities. In this role, she leads teams focused in the areas of asset securitization, asset based lending, supply chain finance, government finance, structured real estate, project finance and equipment finance.

Prior to taking this role in 2019, Ms. Jarrett led the asset based lending and supply chain finance teams at SunTrust (now Truist). Before joining SunTrust in 2013, Ms. Jarrett held senior roles with the asset based capital markets team at Bank of America Merrill Lynch (BAML) and was a director on their middle market leveraged finance team. During her tenure at BAML, she originated, structured and distributed more than 200 left lead transactions for companies in the consumer, retail and industrial sectors. She has over 25 years of experience in corporate and investment banking with an emphasis in asset based capital markets and leveraged finance.

Ms. Jarrett holds a BS and MBA from Wake Forest University. She resides in Charlotte, North Carolina with her husband and two children.

# WE HOPE™

At National Jewish Health, the nation's leading respiratory hospital, we breathe hope. For 123 years, our personalized care and innovative treatments for respiratory, cardiac, immune and related disorders have transformed the lives of millions of patients and families.

Help us breathe hope. Your donation can help fund research and care for those with respiratory illnesses.

To make your tax-deductible donation, visit [njhealth.org/help](https://njhealth.org/help), or call 800.621.0505.

**Breathing Science is Life.®**

Dear Friends,

Thank you for being a part of the Financial Industries Dinner benefiting National Jewish Health. Your support of our leading-edge research and clinical care programs is more vital than ever as we continue our massive efforts to help the world defeat the COVID-19 pandemic. No other institution in the world has been better prepared and equipped to make seminal advances in COVID-19 testing, novel treatments and research. For example, our Center for Post-COVID Care and Recovery is caring for many patients who face ongoing challenges as they recover from COVID-19, including those who have long-term, debilitating symptoms for many months after being diagnosed.

At the same time, our world-class clinicians and researchers remain laser-focused on developing innovative cures and treatments—whether it's helping an asthmatic child breathe easier or pioneering a new therapy for patients with complex immune disorders.

Further cementing our ability to provide unrivaled patient care, our state-of-the-art, 230,000-square-foot Center for Outpatient Health opened this past fall. The respiratory, cardiac, immune and related disease diagnostic and treatment center enhances our ability to serve children and adults from Colorado and across the nation. The Center also enables us to increase the number of patients we enroll in clinical research trials of new medicines, with the goal of developing better treatments for patients worldwide.

To learn more about our work, visit [njhealth.org](https://njhealth.org) or contact your regional National Jewish Health office. And, if you would like to see first-hand why we are ranked as a leading respiratory hospital for the last 25 years by *U.S. News & World Report*, we invite you to take a personal, Behind the Scenes® tour. Arrangements can be made by contacting us at 212.297.0857.

On behalf of our dedicated Board of Directors, Council of National Trustees, faculty, staff and the patients and families we serve, thank you for joining us at the Financial Industries Dinner. We welcome your participation in other events locally and across the country. For an events calendar, visit [njhealth.org/events](https://njhealth.org/events). Best regards.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Michael Salem". The signature is fluid and cursive, with a long horizontal stroke at the end.

Michael Salem, M.D.  
President and CEO

Dear Friends and Colleagues,

We are thrilled to acknowledge our esteemed honoree, Janet Jarrett, and her incredible contributions to the community and the financial industries. Her leadership experience includes more than 25 years in corporate and investment banking with an emphasis on asset based capital markets and leveraged finance. Tonight, she helps us support National Jewish Health, the leading respiratory hospital in the nation.

If you've joined us in the past, you are familiar with the work of this world-renowned institution. If you aren't familiar with this medical center located in Denver, it is the only institution dedicated exclusively to the research and treatment of respiratory, cardiac, immune and related diseases. They are known for their groundbreaking work in the understanding and care of severe asthma, COPD, food allergies and other devastating diseases, including COVID-19 and long-COVID. Since the emergence of the pandemic, critical care physicians from National Jewish Health have been caring for the sickest patients in five western states, while also traveling to New York City and Los Angeles to assist during the peaks in 2020. Every day the experts at National Jewish Health conduct innovative research to better understand, treat and ultimately defeat this pandemic.

Again, thank you for joining us to honor Janet and support this worthy institution that impacts the health of people around the world. We encourage you to browse through this program and see all of the people who have made tonight possible.

Have a wonderful evening!

Amy Barrentine  
Dinner Co-Chair

Darryl Kuriger

**Since 1899, National Jewish Health has served as a beacon of hope for millions of children and adults worldwide** who suffer from respiratory, cardiac, immune and related diseases.

Our multi-disciplinary approach, where physicians and researchers collaborate across specialties, is what enables us to make the correct diagnosis the first time. It also makes us uniquely equipped to treat the wide array of symptoms of COVID-19 and long-COVID.

People come from around the world to our main health campus, our 25 locations across Colorado, and our Respiratory Institutes® in Denver, New York and Philadelphia for our unsurpassed excellence in patient care and research. And in Fiscal Year 2021, we provided \$42.5 million in charity and subsidized care to patients from across the country.

Throughout our history, National Jewish Health researchers have made numerous groundbreaking discoveries, including IgE, the molecule responsible for allergic reactions; the T-cell receptor gene, which triggers an immune response; the genetic roots of pulmonary fibrosis (scarring in the lungs); and more.

Our list of accomplishments and our reputation has kept us at the top of the *U.S. News & World Report* “Best Hospitals” rankings since the magazine started ranking pulmonology 25 years ago. In the 2021-22 “Best Hospitals for Common Care” category, our COPD, Lung Cancer Surgery and pneumonia programs were rated “high performing,” the highest rating given. In addition, we are one of the country’s leading recipients of research funding from the National Institutes of Health (NIH), which is impressive for an institution of our size and budget.

National Jewish Health is also the only medical campus in the country with a school for chronically ill children. Morgridge Academy is a free K-8 school for children diagnosed with diseases, including severe asthma and allergies, cystic fibrosis and immune deficiencies, including HIV/AIDS.

This level of excellence in patient care and research goes well beyond the walls of National Jewish Health. **Whether you live in Denver, Las Vegas, New York or London, our research benefits you and your family — even if you never come here for care.**

New York, NY 10016

**[njhealth.org/FID](http://njhealth.org/FID)**

National Jewish Health is the leading respiratory hospital in the nation. Founded 123 years ago as a nonprofit hospital, National Jewish Health today is the only facility in the world dedicated exclusively to groundbreaking medical research and treatment of patients with respiratory, cardiac, immune and related disorders. Patients and families come to National Jewish Health from around the world to receive cutting-edge, comprehensive, coordinated care.
