Fashion Show

This signature event transforms the runway into a celebration of style and sophistication, featuring curated collections from over 20 of Aspen's premier boutiques alongside an impressive display of luxury automobiles.

Guests are welcomed with a live DJ, handcrafted cocktails and an abundant selection of chef-inspired, seasonal passed bites — all set within a stylish atmosphere, where friends gather and community comes to life in a truly fashionable setting.

HONORING
AERIN LAUDER & THE LAUDER FAMILY

We are proud to honor Aerin Lauder & the Lauder family with the National Jewish Health Humanitarian Award.

Aerin Lauder is a modern-day style icon and the founder and creative director of AERIN, a celebrated luxury lifestyle brand that launched in 2012. Since its founding, AERIN has emerged as a distinct voice in the world of beauty, fashion and home décor. After graduating from the University of Pennsylvania’s Annenberg School of Communications, Aerin began her career at Estée Lauder in 1992. She held various executive roles, including senior vice president and creative director, and then member of the board for 10 years. In addition to her work at AERIN, she is the design director for Estée Lauder Re-Nutriv.

Aerin, a mother of two, dedicates time to several causes, including as an elective trustee of the Metropolitan Museum of Art, and board member of the Foundation for Art and Preservation in Embassies, The Boys’ Club of New York, Peggy Adams Animal Rescue League, God’s Love We Deliver and the Animal Rescue Fund of the Hamptons. She is also a member of the International Council of the Museum of Modern Art.

The Estée Lauder Companies was originally founded by Aerin’s grandmother, the pioneering businesswoman Josephine Esther Mentzer, who was born in New York City and later went by the name Estée. Some of Estée’s earliest memories were of her mother’s grooming ritual, which revolved around applying rich creams to her face and hands to keep her skin soft and smooth. She married Joseph Lauter in 1930, and they later changed their surname to Lauder, correcting a misspelling that occurred when Joseph’s father emigrated from Austria to the United States.

Estée began selling skin care and makeup in beauty salons, demonstrating her products on women while they were sitting under hair dryers, and in 1946, she and Joseph officially launched the company. Their sons, Leonard and Aerin’s father Ronald, would both join the company, leading its growth with an eye for innovation. Today, Estée Lauder Companies is home to a vibrant global portfolio of brands, with products sold in 150 countries and more than 57,000 employees worldwide.

MASTER OF CEREMONIES
KARI WELLS

TV Personality | Author | Emcee | Philanthropist

Elegant, articulate and effortlessly charming, British-born Kari Wells rose to prominence as a fan favorite on “Bravo’s Married to Medicine,” where host Andy Cohen dubbed her “The Queen of Class.”

With formal training in film and television in both the United Kingdom and the United States, Wells has appeared in films, national commercials and TV shows, including “The Haves and the Have Nots” and the “Ghostbusters” web series.

Wells is also a published author and entrepreneur. She wrote “The Pink Monkey,” promoting inclusion, and her memoir, “From Attitude to Gratitude,” focused on transforming pain into purpose. Her ventures include film production and real estate development in Aspen and Atlanta.

Wells leads the Aspen Legacy Media Foundation and produced “Aspen Unfiltered.” A global traveler fluent in multiple languages, she brings elegance, warmth and insight to every stage.

ABOUT NATIONAL JEWISH HEALTH

Proceeds of REV THE RUNWAY ASPEN will support National Jewish Health, the leading respiratory hospital in the nation delivering excellence in collaborative multispecialty care for children and adults as well as world class research. Children and adults come from across the country and around the world to find answers for the most difficult cases of lung, heart, immune and related diseases — often when they have not found the help they need anywhere else.

Our world-class doctors and scientists drive groundbreaking medical research that leads to life-changing care and treatment for patients. They set national treatment guidelines and are consistently named to various “best of” lists, such as “America’s Top Doctors” by Castle Connolly.

For more than 126 years as a charitable institution, National Jewish Health has provided care to all patients, regardless of their ability to pay. In fiscal year 2025 alone, we provided \$38 million in free and subsidized care. The medical campus is also home to Morgridge Academy for chronically ill children, a K-8 tuition-free school and the only school of its kind in the nation.
