Advanced Diagnostic
Laboratories

Dear Valued Client,

Due to a reagent shortage, National Jewish Health Advanced Diagnostic Laboratories will temporarily suspend CD203 testing. We anticipate receiving a new supply of the reagent at the end of February 2026.

In the interim, samples will be stored frozen until we receive the new supplies. Once the reagent is received, testing will immediately commence to resolve the backlog.

We apologize for any inconvenience this may cause. If you have any questions, please contact our Client Service team at 800.550.6227 or via email at ClinRefLabs@NJHealth.org.

Sincerely,

A handwritten signature in blue ink, appearing to read "Steve Groshong".

Steve Groshong, MD, PhD
Medical Director, Advanced Diagnostic Laboratories
National Jewish Health
